### Member Tip

Member Tip from "Mully"

"Do your best to keep moving... and make sure you get the bases early. If you camp in one spot, you're not going to get the best score possible because you won't see as many targets & campers can be de-camped pretty easy. Also to maximise your hit ratio, give your phasor a slight flick when firing, mostly when at close range!"

### Booking Info!

Parties are in full swing with Saturday still being THE most popular day. We suggest booking as soon as you know you're preferred date & we will always do our best to accommodate.

We also offer great discounts for groups of 10 or more & are keen to look after community based groups such as youth groups, scouts & schools etc. We are committed to providing you the best option you can find to make your event awesome!
